Dear Families,

Spring weather has arrived which brings melting snow and puddles. My rule is if the student has boots and snow pants, they can play in the snow/puddles. If you do not want your child to play in the water, please let me know. Also as the warm air increases, so will the mud. Please continue to send snow pants and boots.

Group lessons: Colorbox III (grading 9 colors from darkest to lightest), thermic tablets, fraction insets, gluing fractions and the last box of knobless cylinders and knobbed cylinder block were added to sensorial.

**CLASSROOM BIRDS** Our zebra finches, Mr. and Mrs. Finch, have laid 4 eggs and are incubating them. We are hopeful to have baby birds in the week of March 23. The children are very excited as am I. This is a new experience for me and we will all be learning as we go along.
